

WAREHOUSE LOGISTICS

ALWAYS ENOUGH SPACE

BRELOG offers you a perfect connection to logistical hubs at important locations throughout Germany with storage areas from long-standing and trustworthy partners. Due to the proximity to important ports such as Wilhelmshaven, Bremerhaven, Hamburg, Rotterdam and Antwerp, we can use optimal warehouse logistics to take advantage of global transport routes for the distribution of your goods in Germany and throughout Europe.

Our experts in warehouse logistics offer you professional project management and a comprehensive portfolio of services. With BRELOG as a reliable partner in warehouse logistics, you gain a decisive competitive advantage over your competitors. Optimize your warehouse logistics now and get to know us better.

YOUR ADVANTAGES AT A GLANCE

- **Direct proximity:** With important locations and storage areas in Bremen, Nettetal and Dreis-Brück, we guarantee our customers short transport times to important ports such as Wilhelmshaven, Bremerhaven, Hamburg, Rotterdam and Antwerp.
- **Good Accessibility:** All our locations are very easy to reach by all types of transportation. This ensures BRELOG a good connection to German and European distribution networks and reliably secures the flexible transport of your goods.
- **Reliable Partner:** Thanks to long-standing cooperations, we guarantee you a secure and trustworthy handling of logistics services.
- **Complete service:** From picking and packing to shipping, we are there for you. All over the world.
